EARLY SPRING SPECIAL SALE

FEBRUARY 1938

We have larger stocks of some varieties than others and after filling our early orders we are now making you some very attractive prices on stock quoted below.

Should you want varieties other than listed below we suggest that you look over our complete Catalog for 1937-38. We can supply most of the items listed therein.

All stock offered is quality stock, first class in every respect, up to size and free of disease and insect pests. All stock is offered subject to prior sale.

Because at this season some varieties begin to run low, we will supply the next size available should we not have the size ordered, unless you advise to the contrary.
